

About EdPlus

at Arizona State University

EdPlus is a **central enterprise unit for ASU** focused on the design and scalable delivery of digital teaching and learning models to **increase student success and reduce barriers to achievement** in higher education.

We advance the economic, social, cultural and overall health of the local, national and international communities served by ASU through:

200+ digital immersion degree programs benefiting more than 64,000 undergraduate and graduate students.

Open Scale courses for learners anywhere to improve and demonstrate their university readiness and earn college credit; **Open Scale pathways** that lead to low-cost masters degrees.

Continuing and Professional Education for improving the skills and talent of working professionals and lifelong learners.

Digital learning science research conducted by our in-house **Action Lab** resulting in continuous program improvement and greater student success.

We serve learners

We accelerate innovation at the University through advancement of digital teaching and learning that serves all learners.

We solve problems

We advance by taking on new challenges and discovering solutions.

We achieve milestones

We do what we say we will do and we are closers.

We feel a sense of urgency

As we work to transform education, speed and scale are our allies.

We strive for excellence

Our standards are high and we seek to delight our stakeholders.

We are bold

We take measured risks, promising to meet our challenges.
